This article contains a typographical error in the third paragraph of the subsection “2.2 Grain boundary resistivity” on page 30601-p3, where a minus sign was omitted. The correct version appears below

“The equilibrium configuration of the spins is determined by $\partial\gamma_{\text{total}}/\partial\phi_1 = \partial\gamma_{\text{total}}/\partial\phi_2 = 0$, where $\phi_1 = -\phi_2$ for symmetry reasons.”
